Some career ideas I might like to pursue

leadership,

channels of involvement,

What would you like to do in the church to be part of what's going on? Is there anything that you'd like to do but isn't being done at the moment? Would you like to just sit and watch for a bit before you decide?

spirituality,

How do you think churches help people to be disciples of Jesus? What parts of your spiritual life do you hope that the church will help you with? Are you rather wanting to sit and watch for a bit before you decide?

structures,

what sort of things do you think need to happen for the church to keep on going? Who does those things? Would you like to do any of those things?

worship,

After confirmation, what sort of music do you expect will be played in church? How much is it like the music you like best? Are there some other worship things you hope might happen?

group dynamics,

how would it feel like to be in a small group with older people in the church? What makes a small group the most comfortable to be in?

discipleship objectives,

What things do you think you will be able to learn about being a disciple of Jesus in the church after confirmation? Are the adults in the church all disciples of Jesus? In what ways do you wish some adults would learn to be disciples of Jesus?

inter-personal relationships,

What is the atmosphere like in the church? Are people kind and friendly to each other? If you have a problem, which people could you discuss it with in the church? Can you go back and talk with anybody in the Sunday School about problems?

connectivity with the world beyond itself

What does the church do to make the world outside of itself a better place? What would you like to join in? Would you prefer to wait and decide later? Are there any other things the church could be doing to make the world outside itself a better place?
